About Nemera

Nemera is a global IT Solutions and Services Company established in 2000 with its corporate headquarters in Bangkok - TH . We continue to expand our global network while providing value-added cost-effective consulting services to our clients. **Nemera** has operational offices in India, UAE & Singapore.

As a world-class company with a regional focus, we primarily concentrate on providing Information Technology Solutions and Professional Consulting Services, across different vertical like Banking & Financial Services, Telecom, Government, Oil & Gas and Manufacturing.

We have a formidable reputation in the technology industry for providing excellent services to our clients. Our values are represented by our integrity, thought leadership, and commitment to maintaining a high-level of excellence in the constantly evolving world of Information Technology

We strive to build a long-lasting relationship with our customers and client satisfaction is our key performance indicator. We take pride in becoming a preferred partner for most of our clientele. With more than a decade in this industry,

we have established a successful track record of consulting service delivery with a variety of technical roles across various industries.

VISION

To be recognized as a dependable and Customer-focused Global IT Organization delivering innovative technology and business solutions.

MISSION

To achieve business needs by providing technology solutions and exceed customer expectations by consistently improving the process and quality of the deliverables, while retaining talent and reducing overall costs

INNOVATION & EXCELLENCE

We continuously develop innovative solutions and constantly aim to achieve the highest quality standards.

FOCUS & COMMITMENT

Building customer trust by honouring our commitments is at the heart of everything we do. We focus on understanding customer's business needs, providing high value technology and business solutions, delivering excellence and exceeding their expectations

COLLABORATION & TEAMWORK

We create an environment to collaborate and co-operate, always putting the success of the team and our customers above personal interests and exhibiting objectivity and openness to others' views.

FAIRNESS & INTEGRITY

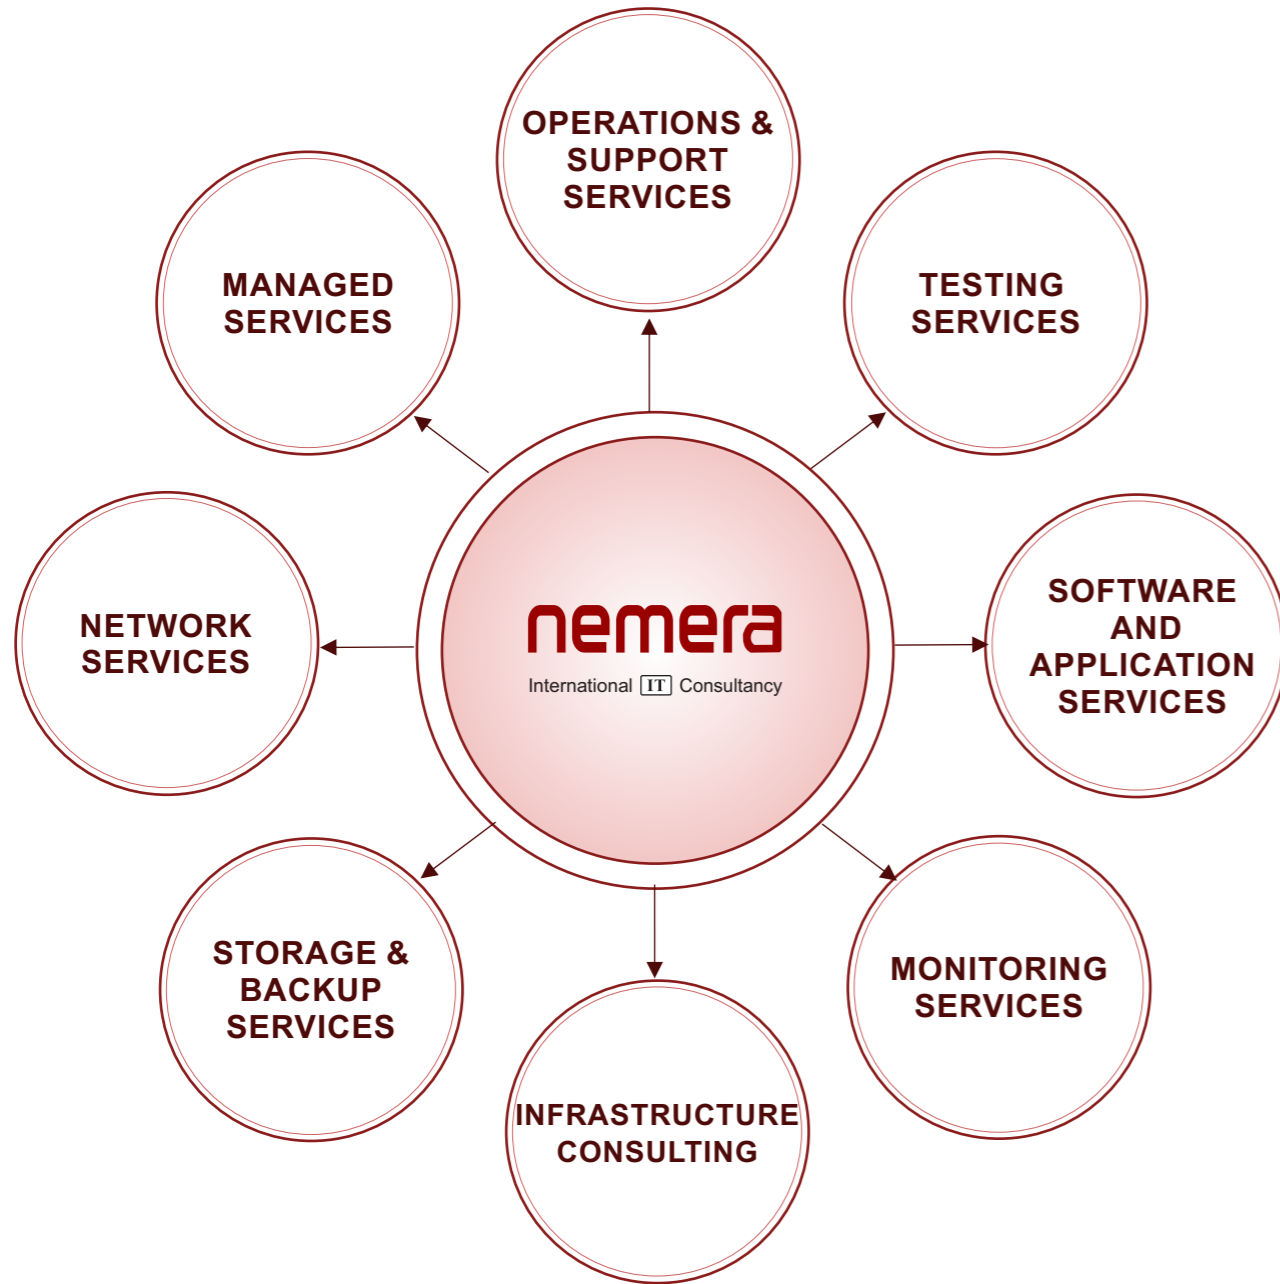

We conduct ourselves in an honest, professional and ethical manner and treat one another with respect.

CORE VALUES

NEMERA has a specialized skilled team of 100+ IT Consultants offering both international expertise and a deep understanding of the local market..

PROFESSIONAL SERVICES

Every IT department needs specialized skills at one time or another. NEMERA meets this need with fast access to pre-qualified, highly-skilled professionals with excellent levels of expertise in the following disciplines.

With 15+ years of experience in providing IT Professional Services, we understand what it takes to deliver value through IT. We have a deep understanding of the technical competencies and we ensure to go an extra mile to fully understand our client requirements. We have an outstanding track record of providing IT professional services across various industries.

We are a flexible organization primed to deliver customized services to our clients that best-fit as per their business demands

ADVANTAGES OF PROFESSIONAL SERVICES

Delivering greater value than traditional resourcing companies As a solutions integrator with more than 12 years of experience, NEMERA understands the technologies that we support

Delivering greater value than traditional resourcing companies

As a solutions integrator with more than 2 years of experience, NEMERA understands the technologies that we support

Rigorous pre-qualification

Our Subject Matter Experts thoroughly pre-screen all NEMERA consultants to ensure they are experts in their field, with all the appropriate training and necessary certifications. This saves time and reduces your risk

Ongoing support and escalation path

All NEMERA consultants receive full support from our technical experts throughout the engagement, providing an additional layer of support and an escalation path to ensure a smooth engagement

Full management to reduce administrative burden

Our Account Managers handle all the administrative requirements of the engagement, including time sheets, expenses and scheduling.

WHY US

- ▲ Innovation
- ▲ Ability to provide long term support
- ▲ All employees are treated equally, transparently and in all fairness
- ▲ Over 15 years in depth knowledge of the Far Eastern countries' demographics
- ▲ Robust processes & Methodologies
- ▲ Adapt quickly to market scenarios
- ▲ Flexible pricing model according to the client requirements

CEO Message

As an individual, it is the zeal to serve that has driven me through every aspect of my business and personal life.

Over the course of 24 years serving in the IT Industry and managing Human Capital, I have learnt that it is not individuals but the collective power of people that makes any business or project successful; and, this is the vision I founded NEMERA with. We have a passionate, committed team and a 'work-hard — play-harder' environment that drives the most innovative and creative solutions to the most challenging problems.

Dinesh

BFSI PRACTICE

NEMERA is recognized as a leader in providing professional consulting services in Banking Technology. Our Banking Information Technology Consulting practice has been built through continuous investment in domain and technical expertise.

We provide services to regions large local and global banks as well as mid-sized banks & financial organizations

We provide services across the entire Banking value chain and its various functions, in both technology and process outsourcing.

Retail Banking	Corporate Banking	Risk & Compliance
<ul style="list-style-type: none"> ·Cash Management ·Current/Saving Account ·ATM Card ·Online Banking ·Mobile Banking ·Payment Processing ·Loan Products ·Home/Auto/ Personal ·Credit Cards 	<ul style="list-style-type: none"> ·Cash Management ·Trade Finance ·Treasury & Capital ·Market ·Online Banking 	<ul style="list-style-type: none"> ·KYC ·FATCA ·AML

We can at a short notice mobilize consulting services in BFSI domain varying from Project Management, Business Analysis, SME's, Development, Testing, Business Intelligence, Infrastructure & Information Security Services.

BPO & OFFSHORE DEVELOPMENT

Worldwide, corporations are looking towards high quality and reduced cost of IT services. Outsourcing of IT services, be it development, re-engineering, or remote maintenance has been accepted as the most preferred method of reducing the total cost of IT ownership.

Outsourcing to offshore partner gives a distinct cost advantage. Added to this, the advantages gained by operating at different time zones gives customers world wide, a near 24* 7 service for all their IT needs.

NEMERA, a leading IT solution provider, has been recognized among the leaders in providing top quality, cost-effective offshore-based IT services.

PARTNERING WITH NEMERA OFFERS THE FOLLOWING

- Availability of development resources at very competitive consulting rates. The budget for implementation / post-implementation can be considerably reduced by availing this option.
- A large pool of resources can be mobilized for a project quickly. Further, the team size can be increased or decreased on a short notice.
- Leverage the time zone gap to ensure quick turnaround of emergency tasks. ·Access to NEMERA's proven offshore methodologies and quality practices.
- Creation of a knowledge base within a larger team gives a great comfort feeling of IT continuity to clients.
